Statement on the use of conflict materials ¹⁾

Dear customer

We are constantly receiving questions regarding the use of conflict materials. Please understand that due to the large number of inquiries we do not fill out any special questionnaires. However, we hope that this letter will contain the information you requested.

Sefag Components AG is aware of its social responsibility with regard to the environment, safety, health and human rights and understands that our conduct in business has an impact on society and the environment.

According to our current state of knowledge, Sefag Components AG products and components do not contain, either directly or indirectly, conflict materials from mines that are financed or promoted by armed groups in the Democratic Republic of the Congo or in neighboring countries.

Kind regards

Jan Kottucz
Managing Director

Boris Nedovic
Head of Manufacturing
